

KIT LIST & BOOK LIST FOR DOMESTIC INSTALLER

Please be aware ALL books and tools relating to the course of your choice are needed to complete the course. **We also require two passport-style photographs for each Domestic Installer candidate.**

Kit list for Domestic Electrical Installer course

- Safety glasses
- Steel toe capped boots
- Set of 1000v rated screwdrivers including possi-drive and flat bladed drivers in a range of sizes.
- Set of standard pliers (VDE rated)
- Set of long nosed pliers (VDE rated)
- Set of wire cutters/snips (VDE rated)
- Set of cable crops
- Plumbers grips
- Adjustable wrench
- Stanley type knife and replacement blades
- Junior hacksaw and replacement blades
- Hammers (Claw, Lump and Bolster-chisel)
- Spirit level (approx. 30cm is fine)
- Tape measure (really important - there is lots of measuring to do)
- Pencils to mark positions
- And a toolbox to carry it all in

All of your tools should be decent. These tools, after all, will be your livelihood, and buying cheap is a false economy as poor-quality tools must be replaced more often. These are the minimum tools required - if you have any others that you feel would benefit you, please feel free to bring them along.

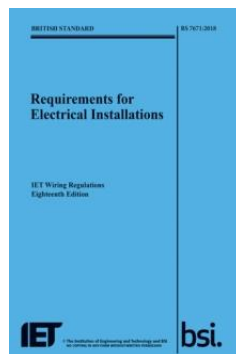

All other tools will be provided by the centre for you to use for the duration of the course.
